Summary:

Enthusiastic MCA grad with strong frontend skills (**HTML**, **CSS**, **JavaScript**) eager to contribute, solve problems, and collaborate in software development.

Technical Skills:

- ➔ **Languages:** C++**,** JavaScript, php
- ➔ **Web Development:** CSS, SASS, DOM Manipulation, Async JS, APIs, Node.js, REST APIs, CRUD Operation, Git & Version Control
- ➔ **WebDev Tools:** VSCode, Postman, Chrome DevTools, Github, Netlify
- ➔ **Framework:** Bootstrap, Tailwind, React.js, Express.js
- ➔ **Database:** MySQL

Internships:

- ➔ **Grapess Solutions (Jun 2019 - Sep 2019):** Mastered **php** web development fundamentals: **html**, **css**, **JavaScript** integration, dynamic page creation, form handling, and **MySQL** database connectivity with **CRUD** operations and data security.

- ➔ **ThinkNEXT Technologies (Aug 2022 - Sep 2022):** Acquired **Android** ecosystem understanding, established dev environment, grasped fundamental app components, mastered **UI** design, interactive elements, and responsive layouts for user-friendly experiences.

Personal Projects:

- ➔ **Tomato:** A food delivery web application, constructed with **ReactJS** and **Context API**, employs a **responsive** design for seamless viewing on diverse devices. It encompasses a React **single-page app** architecture, leveraging the **Context API** for efficient **state management**.

- ➔ **Keeper:** Created a **React** website akin to Google Keep. Enables seamless note creation, editing, and organization. Dynamic updates and intuitive **UI** enhance task management for a productive note-taking experience.

Education:

- ➔ **Master Of Computer Applications (MCA)**   Oct 2021 - Jun 2023
   Tilak Raj Chadha Institute of Management and Technology   Yamunanagar

- ➔ **Bachelor Of Computer Applications (BCA)**   Jul 2018 - Jun 2021
   Maharishi Markandeshwar University   Mullana
